

# PUBLISHER OF DONOHUE'S.

What the Great American Catholic Monthly Owes to Paine's Celery Compound.

The name of Donohue's Magazine, founded by Mr. Patric Donohue of Boston, in 1879, is known and respected throughout the English-speaking world.

Within the past year it has achieved almost marvelous success, and stands today peerless in its field, doing splendid work for greater religious tolerance and better economic conditions. This success has been won under the direction of its new publisher, Hon. Daniel P. Toomey, who, in addition, is at the head of one of Boston's best publishing companies and is a representative from that city in the legislature of Massachusetts.

Mr. Toomey writes as follows in a candid and interesting letter:

"I believe in Paine's celery compound. If I tell you why, you may, perhaps, wish to publish my words. But even that does not deter me from writing you the truth. I have no sympathy with the man who helps tear down the bridge

that carried him over. Neither do I sympathize with the man who hides facts just because their publication may promote the success of others. Paine's celery compound helped me. That's the fact of the case.

"Finding myself run down and getting into a state of nervousness, recently, I took the advice of a medical friend, and bought Paine's celery compound. Its use gave me strength, energy, and buoyancy. Business cares were made lighter than before.

"I believe in the efficacy of Paine's celery compound."

Mr. Toomey's experience is like that of thousands of others. Brain workers, those who suffer from debility, exhaustion, mental depression, sleeplessness, find Paine's celery compound a certain rejuvenator of the vital portions. Hard study among students is a direct cause of debility. Energetic ac-

tion cannot be kept up in the brain and stomach at the same time. If the mind be intently occupied with profound thought the nervous power will be concentrated in the brain, and the stomach being deprived of it, indigestion and disease ensue. Hence the weak digestion and sallow complexion of literary men and their constant complaint of ill health.

It is also true that a hopeful man or woman can do more work and get well faster than one in despair. From the first taking of Paine's celery compound a feeling of confidence in recovering comes over the invalid. New blood and fresh nervous energy give a hopeful outlook. Paine's celery compound hastens convalescence wonderfully.

In the spring, if ever, there is need of food for the nerves and brain. Paine's celery compound makes the weak strong; makes people well. Try it.

## THEY ALL TOOK A PEEK.

Folksmen Watching Tramps and Commissioner Whiting Watching Policemen.

Police Commissioner Whiting put up a little job on the North Topeka police force last Wednesday night that put to the test the vigilance of the officers on the north side of the river; but as the result of the test the officers were vindicated.

Mr. Whiting had business on the north side in the consignment of a load of horses, that kept him there until late. So he and some of the gentlemen with him built a fire in an inclosure in the Union Pacific yards to keep warm. In a short time the tramps attracted by the fire began to congregate. They came and went continually from 11 o'clock until the commissioner and his associates went home at 4 a. m. Occasionally a policeman attracted by the evidences of a tramps' conclave, peeked over the fence and made a careful survey of the surroundings, not recognizing the chairman of the board. Then other policemen took their turn peering at the supposed "gang" and finally the sergeant took his turn.

Mr. Whiting was satisfied with the vigilance of the men who patrol the First ward, and when he went home at 4 a. m., he left six "hoboes" in charge of the fire.

Gentlemen—I am subject to periodical attacks of sick headache of the worst possible type and commenced taking Krause's Headache Capsules last summer. They cure it in every instance, and since that time I am enjoying splendid health and have gained ten pounds in weight.

Yours very truly, F. M. DANIELS, Corwith, Iowa.
